

## FILM DESCRIPTIONS

### "ZOOM" (New for 1990)

Follow the misadventures of Charlie Camcorder as he records and shows you videos of his vacations. Plunge off a 300 foot high bridge, zig-zag through pylons while dangling from a helicopter. Airboat through the Florida Everglades with Charlie as a novice navigator; thrill with him as he experiences snowmobiling, dune buggies, racing through Miami Harbor and careening down a mine shaft to a surprise ending.

### "CRAZY WHEELS"

You're in the middle of a pack of Crazy Speed Kings as they race for a million dollar prize. Try to keep from crashing as you race at blinding speeds in every kind of vehicle. Funny Cars, Jaguars, antique cars, "boss" trucks, motorcycles, and the latest Excaliber Roadster.

You'll speed past Howard Hughes' "Spruce Goose", the world's largest airplane. Hang from a jet helicopter as it soars over ocean cliffs, mountains and cities.

"Crazy Wheels" is high speed antics, crashes and head-ons plus . . . . a hurtling roller coaster, a bone numbing Alpine Slide and a raging water chute.

9/21/89

### "FLIGHT 747"

Your body vibrates from sounds of tremendous power. Unexpectedly, the length and breadth of a massive fuselage fills your view. Huge wheels swing down. Suddenly you're piloting a Boeing 747 to a wheels smoking touch down. Your heart quickens with each grinding click as you slowly ascend the coaster's steep incline until you're let go to fall free down hills of twisting steel. Zoom in on romantic Rio de Janeiro, Copacabana Beach and the majestic 1230 foot high Christ Statue. Travel to Iguacu Falls . . . higher than Niagara and wider than Victoria. Panic on a runaway train as the brakes screech to a life-saving halt. Marvel at miles of gorgeous skyhigh views in North Cascade National Park.

Ride a giant coaster through the longest double loop in the world. Put your helmet on for a dirt-spinning dune-buggy race. Circle the volcanic rim of Mount St. Helens and dive headlong into the still smoldering crater. Somebody's putting "the pedal to the metal" and Smokey is in hot pursuit.

### "WILD WILD WEST"

Over ten minutes of dynamic chase scenes . . . on dune buggies in a desert, in a Trans-Am pursued by the California Highway Patrol, in helicopters, airplanes, speedboats, hobie cats, and more . . . a super series of colossal scenery and fun experiences, filmed in Las Vegas, Arizona, and California. Ride a corkscrew steel roller coaster and the outrageous shuttle loop coaster appropriately named "Montezuma's Revenge". See and hear Las Vegas at night, experience sensational snow skiing and spectacular panoramic aerial cinematography.

### "HORIZONS"

Feel what it is like to race down the hills and through the turns of one of the truly great old wooden roller coasters. Twist down a narrow mountain road in a high powered sports car just before it plunges off a mile high cliff. Swim into the depths of Hawaii's clear blue water and encounter face to face a huge man-eating Tiger Shark. Leap off a mountain and soar in a hang glider. Take a wild jetcopter flight past scenic splendor and plunge into an erupting volcano with tons of molten lava all around you.

### "INTERNATIONAL THRILL SHOW"

The slow, agonizing ascent to the top of the "Giant Dipper" roller coaster, the momentary pause and socko! You hurtle into a sweaty palm, fear-thrill plunge of blurring speed and color. Delight to the midway kaleidoscope of dazzling lights, the "Sky Wheel" and the tight quick serpentine turns of the jumbo "Jet Coaster". Thundering hoofs and clattering wheels - hang on to your Stetson because you're in the Calgary Stampede Chuck Wagon Race. A sudden lurch - you fear the worst as the brakes give out on a San Francisco cable car. Helplessly you gain momentum down the steep stair step hill until, at last, a nerve shattering stop. Your boat winds through the exotic color and floral variety of beautiful Cypress Gardens. Skim over the tall grass in an Everglades air boat. Strain the engine on an aerobatic Pitt Special as you climb toward the sun. Then plummet to earth, defying gravity in a loop-to-loop that brings your belly to your chin. Marvel at the misty, cascading beauty of Niagara Falls. Fly through the glistening St. Louis Arch. Glide over the rim of Grand Canyon and wind along the Colorado River. Follow a Cadillac to an eye-popping standstill.

### "BLOCKBUSTER"

An awesome ten story plunge, four loops and the hair-raising Kamakazi curve will thrill you on the "Orient Express" roller coaster. Churn through thundering rapids aboard free floating rafts. Plummet down a steep mountain to a hair-raising stop on an incline train. Lurch and sway before a runaway baby carriage comes to a teetering stop. Circle the 605 foot high Seattle Space Needle. Take a body jarring Olympic bobsled run at Lake Placid. Single-winged crop dusters defy gravity in skilled aerobatic maneuvers. Atlanta's city streets are alive with action as motorcycle police pursue a speeder.

### "THRILLS OF AMERICA"

Hang on to your lap bar as the "Monster" lifts and spins. Conquer the "Python" roller coaster - 1,200 feet of tortuous steel. Weave down San Francisco's famous Lombard Street. Be mesmerized by the nighttime dazzle of Las Vegas. Take a reckless wheel gripping dune buggy ride. Gaze at the photodramatic sweep of the majestic Grand Canyon and its unyielding sculptor... the Colorado River. Spiral down Peachtree Plaza, the worlds tallest hotel, towering 723 feet above Atlanta. Your "Olds" is running fine until you have to make a hair-raising stop.

## "DEMON SHOCK"

"Demon Shock", although a departure from anything else in the Cinema 180 library, is a terror-ific, spine tingling horror fantasy with extraordinary scares, stunts, special effects and nightmarish creatures. Blackness, eerie groaning and shuffling footsteps alert you to danger. A flickering candle casts a glow on the face of a young woman. She is searching for a gravestone. One stone, covered with bizarre gargoyle carvings, shakes and topples as a grotesque hand extends from the grave.

The girl screams and runs as more and more of the creature unearths itself. A mad Ghoul, half-dead, half-alive, unlocks his dreaded power of "psycho-physical separation". His arm detaches from his body and shoots through the misting midnight air to grasp the victim's throat.

It doesn't stop there! Hang on! With siren screaming, a police car pursues the Ghoul's strange weapon laden hearse. The escaping Ghoul activates the "Terror Coaster" with his ominous laser eye. Follow an unsuspecting couple into the "House of Demons". Be shocked by the mad Ghoul's sudden appearance. Cheer the hero who destroys the terrible Ghoul and his gruesome morgue factory.

Disclaimer: "Demon Shock" has realistic frightening scenes and is not recommended for small children.

## "GALAXY OF THRILLS"

Take an excursion to the threshold of fear on the "Thunder Bolt" roller coaster. Whirl through the "Mind Bender" roller coaster with an 80 foot dive, triple loop and two vertical somersaults. Finesse your way through flying Dutch rolls and "shoot the bowl" with a world champion skateboarder. Your stunt car explodes off a tunnel ramp. A high pitched siren pierces your senses. Suddenly a long red hook and ladder rushing to a fire streaks past. You're hanging on for dear life as you swing around sharp corners. Anxiety mounts as a woman, pushing a baby carriage, steps into the path of the oncoming fire truck. "Hang Ten" on a high crest off Waikiki Beach. Marvel at steep, volcanic canyons covered with lush green tropical foliage in Kauai, Hawaii. Swing to and fro on an ornate Viking vessel. Big Ben rises commandingly as you clutch the handle of a London taxi during rush hour. A skilled driver shifts his purring Porsche into the fast lane. Overtaking all competition, he whirls through narrow hairpin turns to a screeching halt.

### "IMPACT"

The "Revolution" coaster takes you through daring dips and dives along 3,657 feet of spiraling track. A tunnel transports you into a spectacular galactic star field. Suddenly you're on skis schussing a slalom course. Raft the cresting rapids of the Chattanooga River. Take an Everglades airboat ride and recoil from a venom-dripping poisonous snake. Hope you don't plunge into the Mediterranean on a heart stopping drive along a narrow cliff lined highway. Fly over Paris, New York's Statue of Liberty, the Sears Tower in Chicago, under a Mississippi River bridge and through the treacherous volcanic Na Pali coastal mountain range in Hawaii. Take a fast paced mound-leaping motor-cross race. Screech and crash as Grandma takes a hilarious drive to a shopping mall.

### "CAVALCADE OF THRILLS"

"Mister Twister" roller coaster zips you through 360 degree curves, a pitch black tunnel, and a white knuckle drop. Your adrenalin mounts as an on-coming train roars towards a car stalled on the tracks and a woman frozen in shock. Cold bites your face as your snowmobile dodges trees in the splendorous Utah mountains. Round each curve faster and faster as a "high-ballin" 18 wheeler swerves down the twisting Big Sur highway and plunges headlong over the cliff into the rocky sea below. Breathtaking aerial views of the rugged California Coast, Golden Gate Bridge, San Francisco Skyline and Grand Canyon. Laugh at a frantic boater in Newport Beach Harbor. Plunge 114 feet at 65 miles per hour on the "Loch Ness Monster", one of the tallest, fastest, fiercest roller coasters in the world. A sudden exit from heavy high speed traffic brings you to a bug-eyed stop behind a huge garbage truck.

### "FANTASTIC FLIGHTS"

Pull 5-G's as you fly with the U.S. Air Force "Thunderbirds". Circle the Statue of Liberty, fly under the bridges of New York, and see the spectacular Manhattan Skyline. Ride wild on the Texas Cyclone. Take off and land a Lockheed L1011. Thrill to a 300 mph runaway train, the double loop of the "Lochness Monster", and a bandit motorcycle chase through old Europe. Have a laugh on us when the camera chase vehicle, in an unrehearsed scene, accidentally crashes into a dump truck with a load of sand.

### "PACIFIC PURSUIT"

Rocket along orange ribbons of high tensile coaster steel. Dangle from an aerial gondola high above Lake Wakatipu. View "The Remarkables", the towering mountain peaks overlooking Queenstown, New Zealand. Take a madcap taxi ride through downtown Auckland. See colossal 14,000 foot high snow-covered glaciers. Bounce across miles of gigantic Pismo Beach sand dunes on speedy ATVs. Fearsome Maori Warriors perform the Tongue Wagging Fire Dance. Escape a laser equipped helicopter as it pursues your speeding car. Skim over thrashing rapids on a famed "Shotover" jet boat. Soar 1,500 feet over Sutherland Falls. Dive into the mysterious ocean depths of the Fiji Islands amidst dazzling tropical fish. Plunge into the fire, smoke and molten lava of the White Island Volcano.

### "COLOSSUS"

Drive a runaway "boss truck" into a head-on collision. Scream aboard the world's fastest twin coaster. Fly your fighter jet upside down just a few feet above the desert floor. Gasp over 300 foot high Virginia Falls and Canada's scenic Far North. Soar over glistening Acapulco in an uplifting parakite ride. Feel what it's like to fall from a 20 story skyscraper and dive 100 feet with world renowned cliff divers. Careen through the narrow streets of a Mexican village to a bone crushing crash ending.

### SPECIAL FILMS ALSO AVAILABLE

The film titles following were shot in the Cinema 180® format by independent movie producers. Omni Films has been contracted to distribute these films on their behalf. Annual Lease prices are indicated after each film. Film Print cost will be approximately \$250 per minute of film length.

"PILOTS NORTH"

23 minutes

Annual Lease: \$15,000 + print cost

Come, fly with the daredevil "Bush Pilots" who challenged the forbidding reaches of Canada's far North. Relive the exploits of pioneer airmen as they bring lifesaving medicines to isolated hamlets, load passengers and mail, and brave a frozen wilderness to reach the splendors of the North. Without charts or radios, you will fly dangerous missions to ferry prospectors with their sled dog teams and vital food supplies to the Eskimos of the high Arctic. Experience for yourselves the feat of starting an airplane engine on subfreezing mornings, the anxiety of overloaded takeoffs, and the terror of a near-disaster above the spectacular but dangerous falls of the Nahani River.

"HAWAII: ISLANDS OF THE GODS"

40 minutes

Annual Lease: \$15,000 + print cost

Hold on to your emotions and explore with us "Hawaii: Islands of the Gods" in a dazzling motion picture experience that lets you discover Hawaii's mystical past. Soar through Kuai's breathtaking Wiamea Canyon and swim along side giant Humpback Whales. Enjoy the wildlife of the remote leeward islands and catch the sunrise on 10,023 ft. Haleakal crater. Keep your feet from moving with the haunting island music when the pace quickens into the authentic native chants and beats.

"ALASKA THE GREATLAND"

40 minutes

Annual Lease: \$15,000 + print cost

See "Alaska the Greatland" as the 180 degree wraparound screen unfolds the majesty of Alaska's wildlife, scenery and people. From Mt. McKinley to Alyeska Pipeline to Columbia Glacier to the frontier town of Skagway, "Alaska the Greatland" captures all the splendor of the forty-ninth state. Filmed from helicopters, river rafts, trains and aircraft, this motion picture packs a lifetime of adventure into forty minutes.
